

# Helmholtz-Zentrum Berlin Technology Transfer Prize 2021

## Call for entries

The Helmholtz-Zentrum Berlin awards the Technology Transfer Prize for outstanding achievements in the field of technology transfer. The award is endowed with 5.000 euros.

With this prize, the HZB wants to acknowledge the accomplishments of employees and former employees who have made an important contribution to technology transfer.

Decisive criteria are:

- The idea
- The degree of innovation and
- The market potential of the project (with the subcategories: application prospects, industrial projects, industrial property rights, industrial contracts concluded, industrial revenues and spin-offs).

## Application process

- Describe your project in general terms on max. two DIN A4 pages. (If necessary, include illustrations such as drawings and photos).
- Refer to further literature or professional references to facilitate the evaluation.
- Indicate whether you have evidence or documents to assess the market potential of your project, which the jury may request.
- Applications from groups are possible. In doing so, briefly outline the work shares of those involved.
- For questions about the procedure, please contact Dr. Jan Elmiger, tel. 8062-18151, [elmiger@helmholtz-berlin.de](mailto:elmiger@helmholtz-berlin.de).

## Deadline

Please submit your application by  
**31<sup>st</sup> May 2021** at HZB technology transfer / Dr. Jan Elmiger

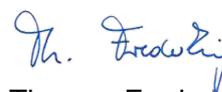

Berlin, 1<sup>st</sup> February 2021
