

Corona Test Certificate

All external users must provide a negative Corona test certificate to gain access to HZB

(users of BESSY II as well as all facilities and CoreLabs that offer experiment time for external users)

The test must not be older than 5 days when starting work at the HZB and must be based on a molecular biological test for the presence of an infection with the coronavirus SARS-CoV-2. Tests are accepted from laboratories in member states of the European Union as well as states listed by https://www.rki.de/DE/Content/InfAZ/N/Neuartiges_Coronavirus/Tests.html

Please submit the test certificate in advance to dosimetry-support@helmholtz-berlin.de to allow the preparation for your stay.

Corona screening centre at BESSY II

HZB is providing limited test capacities on-site which are only available for external users of HZB from home institutions that are not located in a risk country.
