

Announcement of the Innovation Award on Synchrotron Radiation 2021*

The Society of Friends of Helmholtz-Zentrum Berlin announces the bestowal of the Innovation Award in the field of procurement and usage of synchrotron radiation. The award is to be granted for an excellent achievement which has contributed significantly to the further development of techniques, methods or uses of synchrotron radiation. Scientists and engineers from research institutions, universities, and industry within Europe are addressed. The Innovation Award on Synchrotron Radiation includes a monetary prize of 3000 Euro and will be bestowed at the User Meeting of Helmholtz-Zentrum Berlin on December 2021 in Berlin-Adlershof.

The executive committee of the Society is now calling for proposals of candidates. Closing date:

September 30, 2021

Suggestions of candidates have to be addressed electronically to the chairman of the Society of Friends (mathias.richter@ptb.de) and must include a concise, verifiable description in English of the scientific-technological achievement. The curriculum vitae, the publication list of the candidate(s) and at most five relevant publications have to be submitted. Two references should be named.
