FROM RESEARCH TO REAL-WORLD IMPACT: YOUR ROADMAP FROM IDEA TO APPLICATION

How much startup is in your research?

Discover the real-world potential of your work in the Young Entrepreneurs in Science Workshop! Learn to apply empathy to better understand your users and stakeholders, explore the why behind your research through the golden circle framework, and brainstorm practical use cases with fellow scientists. Get inspired by real startup founders, break the entrepreneurial stereotype, and find out about startup support services in Germany.

How to apply

Admission is free and no previous knowledge is required. Register until 18.11.2026 via the link:

Workshop Programme

Day 1: Discover the power of empathy and human-centred design. Reflect on your own mindset, practise changing perspectives, and explore the why behind your research to understand the impact it can create.

Day 2: Uncover the potential of your research by identifying users, stakeholders and use cases. Meet real-life entrepreneurs, break the entrepreneurial stereotype, and learn about startup support services available to you.
