

How to reach the webcam of your experiment

In the period of your scheduled experiment time you may have access to a webcam onsite. That is if you are a proposer, co proposer or experimentalist of a proposal that is scheduled on a location where a webcam is available.

Please follow these steps to visit a webcam:

1. Log in to your personal GATE account.
2. On the start page in the „You have...“ box you will find the link „The possibility to visit webcams of your experiment“.

3. Click on that link to visit the webcam.

Alternatively you can visit the webcam via your list of active proposals:

1. Log in to your personal GATE account.
2. In the menu on the left side click on „Proposal list“ in the section „MY PROPOSAL“
3. In the table of your active proposals search for your proposal.
4. In the column „Action“ you will find the link „Webcam“.
