**declaration of consent**  
**for the current calendar year**

We are aware that our employee

name \_\_\_\_\_

born \_\_\_\_\_

will work in radiation-controlled areas at the Helmholtz-Zentrum Berlin ("HZB"). We hereby declare that the above named person is not occupationally exposed and that we monitor their activities with a view to limit-exceed (1 mSv per calendar year).

The previous dose of this person is **< 1 mSv** since the 1<sup>st</sup>. January of the current calendar year.

We are taking note that only in the radiation-controlled areas of the HZB, the expected dose will be < 1mSv per calendar year during the upcoming activities. We agree, that our above named employee will take action as a guest without an official dosimeter.

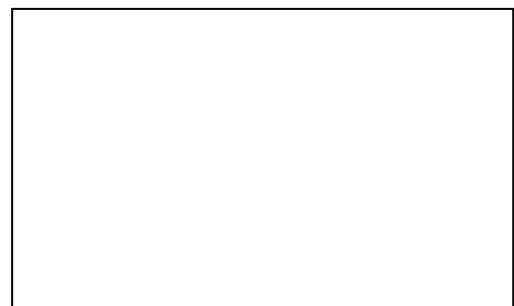

We will inform our employees, that pregnant and nursing people, as well as people below the age of 18 are not allowed to enter the radiation-controlled areas of the HZB.

Furthermore, we will inform our employees to register at the "department of radiation protection" **in advance** of starting work. Our employees either will be instructed or supervised during their occupation.

In case our employees become occupationally exposed workers (possible dose > 1 mSV per calendar year within expansion of the activities in radiation-controlled areas of different institutes), we will only let them become active in course of a permit due to § 25 Radiation Protection Act.

This declaration of consent is only valid for the current calendar year.
